Prevent. Promote. Protect.

Request for additional BRACE funding:

This proposal is being submitted to secure additional funding for our next steps in building local community resiliency. The following three action steps from the February 4 meeting are addressed.

1. Develop a community outreach and information campaign (brochure) (include with utility bill?).
2. Identify at risk population and improve tools for identification and create tools to distribute to the vulnerable population
3. Communities identify their specific issues (e.g., well, lakes, etc.) - HVA

The Sauk County Health Department along with the Sauk County Emergency Manager will collaborate to build a local path through a functional process to best determine how to reach vulnerable populations in the cities, towns and villages throughout Sauk County. A work groups will be created to bring together private and public partners to assess who the vulnerable populations are, where they are located and who has contact with the individuals.

The partners will include:

Mental Health

Elderly/disabled

Chronic Illness

Human Services including child protective service and the Community Support program, school social workers, public health, parish nurses, faith based organizations Public Health ADRC intake, meal drivers Birth to three, school social workers, veteran organizations, civic organizations, Insurance agencies(clients call regarding coverage during a disaster),parish nurses, faith based organizations  
Police, EMS, hospitals, home care agencies, public health, parish nurses, faith based organizations.

- Goals:
1. Provide education to partners
  2. Outreach to vulnerable populations
  3. Marketing of the 211 system as a communication tool in an emergency
  4. Replication of this model throughout the county

Budget:	Supplies (paper, refrigerator magnets)	\$ 2500.00
	Lunch	\$ 550.00
	Staff time (20 hours)	\$ 900.00
		<hr/>
		\$ 3050.00

Respectfully submitted,

*Cynthia Bodendorf*
